Re: OPEN CABIN SEAT AGREEMENTS

PSA Airlines now has “open cabin seat” agreements with several airlines. The most current list of airlines is listed below. However, please note these agreements apply only to the mainline carrier listed and not their subsidiaries or affiliate operators. For example, the Delta agreement does not apply to any other Delta Connection carrier.

You may find copies of these agreements in notebooks located in the crew rooms provided by your AFA leadership. Please take the time to familiarize yourself with these agreements if you plan to utilize the “open cabin seat” agreements as an alternative travel option.

Updates will be posted as new carriers come on-line.
